Brief Description of the Drawings

~~FIG. 1 is a schematic illustration of a polarizing plate containing laminated structure according to an embodiment of the present invention.~~

~~FIG. 2 is a schematic illustration of a polarizing plate containing laminated structure according to an alternative embodiment of the present invention.~~

Please delete the following paragraph before paragraph 19 under the section "Detailed Description of the Invention":

~~Referring to FIG. 1, an embodiment of the present invention provides a polarizing plate containing laminated structure 10 comprising two protective sheet layers 20a and 20b and a polarizer sheet layer 30 held between the two protective sheet layers 20a and 20b. The laminated structure 10 further comprises a polyurethane sheet layer or a polyamide sheet layer 40 connected to one of the two protective sheet layers 20b with an adhesive. The adhesive can be a pressure sensitive adhesive. The laminated structure further comprises a thermally molded resin layer 50 thermally adhered to the polyurethane sheet layer or polyamide sheet layer 40. An alternative embodiment of the order of the layers of the laminated structure 10 is depicted in FIG. 2.~~
